

Smart Door Frame Metal Detector 18

Walk Through Metal Detector

Smart DFMD 18

Applications

- 18 detection zones
- 256 sensitivity levels
- 3.5" LCD display
- People and alarm counting
- Synchronous sound & LED alarm
- TCP/IP communication

- Remote control
- Linkage with turnstile
- Support to connect with app

Specification

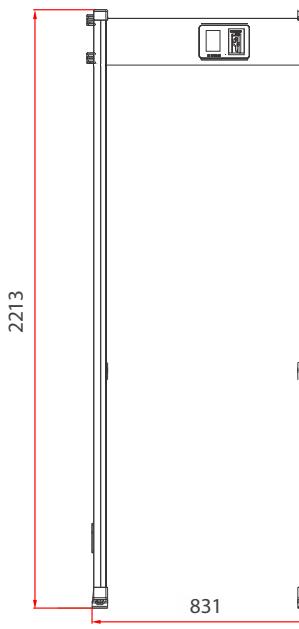

Smart DFMD 18

Power Supply	AC 100V to 240V
Working Temperature	-20°C to 55°C
Working Humidity	<95% (non-condensing)
Working Frequency	5.7KHz to 9.6KHz
Input Voltage	DC12V
Working Current	1.5A
Running Power	18W
Alarm Volume	85dB
Dimension (H*W*L)	2226 * 844 * 579 (mm)
Dimension with Packing (H*W*L)	2280 * 282 * 560 (mm)
Weight with Packing	50kg

Dimensions (mm)

Applicable Scenarios

Locations with high people flow

Electronic factories

Food manufacturers

Cigar factories
